- **Item 4.1** Draft Council Minutes – 24th April 2018
- **Item 17.2.3** Draft Version 1 SMC Strategic Plan 2018-2027

Dear Sir/Madam

NOTICE OF MEETING

Notice is hereby given that the next ordinary meeting of Council will be held on

Date: Wednesday, 23rd May 2018
Time: 10.00 a.m.
Venue: Municipal Offices, 71 High Street, Oatlands

I certify under s.65(2) of the *Local Government Act 1993* that the matters to be discussed under this agenda have been, where necessary, the subject of advice from a suitably qualified person and that such advice has been taken into account in providing any general advice to the Council.

Councillors please note:

- Public Question Time has been scheduled for 12.30 p.m.

Yours faithfully

A handwritten signature in black ink, appearing to read 'Tim Kirkwood', written in a cursive style.

Tim Kirkwood
GENERAL MANAGER

OPEN COUNCIL AGENDA

1. PRAYERS

Rev Dennis Cousens to recite prayers.

2. ATTENDANCE

3. APOLOGIES

4. MINUTES

4.1 Ordinary Council Minutes

The Minutes (Open Council Minutes) of the previous meeting of Council held on the 24th April 2018, as circulated, are submitted for confirmation.

DECISION		
Councillor	Vote FOR	Vote AGAINST
Mayor A E Bisdee OAM		
Dep. Mayor A O Green

4.2 Special Committees of Council Minutes

4.2.1 SPECIAL COMMITTEES OF COUNCIL - RECEIPT OF MINUTES

The Minutes of the following Special Committees of Council, as circulated, are submitted for receipt:

- Nil.

DECISION NOT REQUIRED

4.2.2 SPECIAL COMMITTEES OF COUNCIL - ENDORSEMENT OF RECOMMENDATIONS

The recommendations contained within the minutes of the following Special Committees of Council are submitted for endorsement.

- Nil.

DECISION NOT REQUIRED

4.3 Joint Authorities (Established Under Division 4 Of The Local Government Act 1993)

4.3.1 JOINT AUTHORITIES - RECEIPT OF MINUTES

The Minutes of the following Joint Authority Meetings (including JA Committees), as circulated, are submitted for receipt:

- Southern Tasmanian Councils Authority – Nil.
- Southern Tasmanian Councils Authority (Waste Strategy South) – Nil.

DECISION NOT REQUIRED

4.3.2 JOINT AUTHORITIES - RECEIPT OF REPORTS (ANNUAL & QUARTERLY)

Section 36A of the Local Government Act 1993 provides the following;

36A. Annual reports of authorities

(1) A single authority or joint authority must submit an annual report to the single authority council or participating councils.

(2) The annual report of a single authority or joint authority is to include –

- (a) a statement of its activities during the preceding financial year; and*
- (b) a statement of its performance in relation to the goals and objectives set for the preceding financial year; and*
- (c) the financial statements for the preceding financial year; and*
- (d) a copy of the audit opinion for the preceding financial year; and*
- (e) any other information it considers appropriate or necessary to inform the single authority council or participating councils of its performance and progress during the financial year.*

Section 36B of the Local Government Act 1993 provides the following;

36B. Quarterly reports of authorities

(1) A single authority or joint authority must submit to the single authority council or participating councils a report as soon as practicable after the end of March, June, September and December in each year.

(2) The quarterly report of the single authority or joint authority is to include –

- (a) a statement of its general performance; and*
- (b) a statement of its financial performance.*

Reports prepared by the following Joint Authorities, as circulated, are submitted for receipt:

- Southern Tasmanian Councils Authority – Nil.

DECISION NOT REQUIRED

5. NOTIFICATION OF COUNCIL WORKSHOPS

In accordance with the requirements of the *Local Government (Meeting Procedures) Regulations 2015*, the Agenda is to include details of any Council workshop held since the last meeting.

One workshops has been held since the previous Council Meeting.

A Workshop was held on Tuesday, 15th May 2018 at the Council Chambers, Kempton commencing at 10.00 a.m.

Attendance: Mayor A E Bisdee OAM, Clr A Bantick, Clr E Batt, Clr R Campbell, Clr D Fish and Clr D Marshall

Apologies: Deputy Mayor A O Green

Also in Attendance: T Kirkwood, A Benson and E Lang

The purpose of the Workshop was to enable Council to review the existing Strategic Plan 2014 - 2023. This workshop forms part of an overall review process which involves the conduct of three community consultation forums. These are scheduled for 15 May 2018 at Otlands; 16 May 2018 at Campania; and 17 May 2018 at Bagdad.

The outcomes of the workshop will be incorporated into an amended Strategic Plan which will be advertised for public comment and feedback prior to final adoption.

The workshop concluded at approximately 2.00 p.m.

RECOMMENDATION

THAT the information be received.

6. COUNCILLORS – QUESTION TIME

6.1 QUESTIONS (ON NOTICE)

Regulation 30 of the *Local Government (Meeting Procedures) Regulations 2015* relates to Questions on notice.

It states:

(1) A councillor, at least 7 days before an ordinary council meeting or a council committee meeting, may give written notice to the general manager of a question in respect of which the councillor seeks an answer at that meeting.

(2) An answer to a question on notice must be in writing.

The following questions were submitted by Clr R Campbell on the 16th May 2018.

Q1. What work has council (SMC) done (July 2017 to April 2018) in Parattah and surrounding area (not including Oatlands) and how much has been completed and how much is still waiting to be completed and when will it be completed.

General Manager's response:

A review of Council's Job Costing System indicates that the following works have been undertaken in the Parattah district this financial year:

Operating Budget:

- *Verges – Mowing / Slashing*
- *Verges – Spraying*
- *General Gardening / Tree Maintenance – includes*
- *Litter Collection*
- *General Street Cleaning*
- *Parattah Recreation Ground – various maintenance activities*
- *Maintenance Grading is undertaken on a cyclical basis consistent with the category of road.*

In relation to Roads within the designated Parattah district, the following is a list of roads where expenditure has exceeded \$10,000 on any one road:

- *Inglewood Road, Andover \$42,673*
- *Austral Park Road (Hilda Street) - \$25,863*
- *Blackgate Road - \$12,223*

Capital Budget:

There are three remaining Capital Budget items / projects to be completed:

- *Kerb and gutter renewal (old shop to Hilda Street) – Budget \$14,478*
- *Parattah Railway Station – replacement of guttering and fascia – Budget \$9,600 – scheduled for late June/July 2018*

- *Parattah Recreation Ground – Shed – Budget \$13,593 – pending confirmation of shed design and cost estimate*

Q2. Have all our workers working outside been warned of sun damage to the eye (includes cataract damage and sunburn) and have they been issued with polarised (or equivalent) sunglasses and are they wearing sunglasses during working hours?

General Manager's response:

Sunglasses, which meet the relevant Australia / New Zealand Standard are issued in accordance with Council's Sun Protection Policy. Replacement glasses are issued upon request and production of unserviceable glasses. Wearing of sunglasses during working hours is not compulsory.

Q3. When SMC purchases power tools e.g. Lawn trimmers (whipper snippers) why are we buying petrol powered trimmers and not battery electric? Battery electric starts first time every time (if battery is charged) runs quieter and has lower fire risk.

General Manager's response:

SMC has not purchased battery driven whipper snippers (or other similar equipment) as battery operated tools do not operate for any substantial period of time under heavy load (which to some extent is the type of work undertaken by Council) and the extent of work done outside township areas where access to an electricity supply is not readily available (for recharge purposes). In relation to noise, this has not proven to be an issue in the past as all work is generally undertaken during working hours; and in terms of fire risk, fires are generally started by sparks from the blade when hitting rocks, as opposed to the physical engine.

Q4. When it comes to heritage buildings, fences etc. does SMC have colour charts re heritage paint colours complete with mixing formulas?

General Manager's response:

SMC does not have specific colour charts re heritage paint colours, however the staff of Council's Heritage Projects Program are happy to assist property owners as much as practicable in the choice of appropriate colours.

Q5. What heritage colours are accepted in Southern Midlands heritage areas, Tudor heritage, Georgian heritage, Victorian heritage, standard heritage, modern heritage, universal heritage, international heritage, British heritage, BALM heritage, Australian heritage, Old Australian heritage, classic heritage, Dupont heritage, ICI heritage and there are many more heritage lists of heritage colours and shades thus with so many choices what is acceptable by SMC when it comes to paint?

Note many painters in the early days of settlement mixed their own paints and shades this was part of apprentice learning the trade to become qualified

General Manager's response:

It is not possible to give a general answer on 'acceptable' colours for heritage areas as the choice of colour and paint type is dependent on various factors such as the historical context of the building, architectural qualities of the building, environmental factors etc. As per Q4, Council's heritage staff can provide assistance to property owners on a case-by-case basis.

6.2 QUESTIONS WITHOUT NOTICE

Section 29 of the *Local Government (Meeting Procedures) Regulations 2015* relates to Questions without notice.

It states:

“29. Questions without notice

(1) A councillor at a meeting may ask a question without notice –

- (a) of the chairperson; or*
- (b) through the chairperson, of –*
 - (i) another councillor; or*
 - (ii) the general manager.*

(2) In putting a question without notice at a meeting, a councillor must not –

- (a) offer an argument or opinion; or*
- (b) draw any inferences or make any imputations –*
except so far as may be necessary to explain the question.

(3) The chairperson of a meeting must not permit any debate of a question without notice or its answer.

(4) The chairperson, councillor or general manager who is asked a question without notice at a meeting may decline to answer the question.

(5) The chairperson of a meeting may refuse to accept a question without notice if it does not relate to the activities of the council.

(6) Questions without notice, and any answers to those questions, are not required to be recorded in the minutes of the meeting.

(7) The chairperson of a meeting may require a councillor to put a question without notice in writing.

An opportunity is provided for Councillors to ask questions relating to Council business, previous Agenda items or issues of a general nature.”

7. DECLARATIONS OF PECUNIARY INTEREST

In accordance with the requirements of Part 2 Regulation 8 of the *Local Government (Meeting Procedures) Regulations 2015*, the chairman of a meeting is to request Councillors to indicate whether they have, or are likely to have, a pecuniary interest in any item on the Agenda.

Accordingly, Councillors are requested to advise of a pecuniary interest they may have in respect to any matter on the agenda, or any supplementary item to the agenda, which Council has resolved to deal with, in accordance with Part 2 Regulation 8 (6) of the *Local Government (Meeting Procedures) Regulations 2015*.

8. CONSIDERATION OF SUPPLEMENTARY ITEMS TO THE AGENDA

In accordance with the requirements of Part 2 Regulation 8 (6) of the *Local Government (Meeting Procedures) Regulations 2015*, the Council, by absolute majority may decide at an ordinary meeting to deal with a matter that is not on the agenda if the General Manager has reported –

- (a) the reason it was not possible to include the matter on the agenda; and
- (b) that the matter is urgent; and
- (c) that advice has been provided under section 65 of the Act.

RECOMMENDATION

THAT the Council resolve by absolute majority to deal with any supplementary items not appearing on the agenda, as reported by the General Manager in accordance with the provisions of the *Local Government (Meeting Procedures) Regulations 2015*.

9. PUBLIC QUESTION TIME (SCHEDULED FOR 12.30 PM)

In accordance with the requirements of Part 2 Regulation 8 of the *Local Government (Meeting Procedures) Regulations 2015*, the agenda is to make provision for public question time.

In particular, Regulation 31 of the *Local Government (Meeting Procedures) Regulations 2015* states:

- (1) *Members of the public may give written notice to the General Manager 7 days before an ordinary meeting of Council of a question to be asked at the meeting.*
- (2) *The chairperson may –*
 - (a) *address questions on notice submitted by members of the public; and*
 - (b) *invite any member of the public present at an ordinary meeting to ask questions relating to the activities of the Council.*
- (3) *The chairperson at an ordinary meeting of a council must ensure that, if required, at least 15 minutes of that meeting is made available for questions by members of the public.*
- (4) *A question by any member of the public under this regulation and an answer to that question are not to be debated.*
- (5) *The chairperson may –*
 - (a) *refuse to accept a question; or*
 - (b) *require a question to be put on notice and in writing to be answered at a later meeting.*
- (6) *If the chairperson refuses to accept a question, the chairperson is to give reasons for doing so.*

Councillors are advised that, at the time of issuing the Agenda, no Questions on Notice had been received from members of the Public.

Mayor A E Bisdee OAM to invite questions from members of the public in attendance.

9.1 Permission to Address Council

Permission has been granted for the following person(s) to address Council:

- Nil.

10. MOTIONS OF WHICH NOTICE HAS BEEN GIVEN UNDER REGULATION 16 (5) OF THE LOCAL GOVERNMENT (MEETING PROCEDURES) REGULATIONS 2015

10.1 AFFORDABLE HOUSING – ESTABLISHMENT OF COUNCIL WORKING GROUP

Clr D Fish has submitted the following Notice of Motion:

“THAT:

- a) the Southern Midlands Council establish a working group to identify and consider all the relevant issues (and possible opportunities) associated with affordable low-cost housing, particularly as it relates to the Southern Midlands Council area;
- b) the Working Group provide a report (together with any recommendations) back to Council as soon as practicable; and
- c) membership be determined following agreement to establish a working group.

BACKGROUND COMMENTS

Councillor Fish will make further comment at the meeting.

11.4 PLANNING (OTHER)

11.4.1 PLANNING APPEAL – AQUATIC CENTRE 18 CHURCH STREET, AND 68 & 70 HIGH STREET, OATLANDS - R MCDOUGALL, P BIRCHALL, R CHAPMAN, P FIELDING, AND J PATERSON V SOUTHERN MIDLANDS COUNCIL AND BZOWY ARCHITECTURE (REFERENCE 5/18P)

Author: MANAGER DEVELOPMENT & ENVIRONMENTAL SERVICES (DAVID CUNDAL)

Date: 17 MAY 2018

ISSUE

Planning Appeal – Aquatic Centre 18 Church Street, and 68 & 70 High Street, Oatlands - R McDougall, P Birchall, R Chapman, P Fielding, and J Paterson v Southern Midlands Council and Bzowy Architecture (Reference 5/18P)

As Council are aware a party of five (5) Oatlands residents have appealed the decision of Council to grant a Permit under the *Land Use Planning and Approvals Act 1993* for an Aquatic Centre at 18 Church Street, Oatlands (Council Depot land) (DA 2017/104).

Rick Bzowy Architecture and Council are currently in the process of finding a mediated solution rather than take the matter to a full hearing at the Resource Management and Appeals Tribunal (RMPAT).

The possible mediated solution is a series of changes to the design of the aquatic centre building and the assessment and provision of a Heritage Impact Assessment prepared by a suitably qualified person to demonstrate compliance with the standards and purpose of the Heritage Code of the *Southern Midlands Interim Planning Scheme 2015* and to demonstrate the suitability of the building in the Oatlands Heritage Precinct (including impacts on other buildings and places of heritage significance in the area).

Bzowy Architecture has undertaken these design changes to the plans and commissioned the Heritage Impact Assessment in order to resolve the appeal and meet the concerns raised in the filed grounds of appeal by the Appellants. The design changes do not invoke any further discretions under the Planning Scheme and have been supported by the Heritage Impact Assessment.

At the time of writing this report, the mediation process between the Appellants and the proponent Southern Midlands Council and Rick Bzowy was still underway. A final agreement between the parties had not been reached.

If an agreement is reached between the two parties as to the extent of the design changes then a Consent Memorandum will be prepared and will need to be signed by all parties. This would resolve the appeal without a hearing.

The Planning Authority will also need to sign the Consent Memorandum.

The Resource Management and Appeals Tribunal may then be in a position to consider these changes under Section 22 of the *Resource Management and Appeals Act 1993* that would allow such changes to be approved by the RMPAT as suitable under the permit

granted in December 2017. Each party will need to file submissions in support of the application of Section 22 to the RMPAT to accompany the Consent Memorandum.

RECOMMENDATION

THAT

- A. The information be received.
- B. Pending Agreement between the parties to the Appeal 5/18P, the Planning Authority to sign a Consent Memorandum to the Appeal (Reference 5/18P) – Aquatic Centre 18 Church Street, and 68 & 70 High Street, Oatlands - R McDougall, P Birchall, R Chapman, P Fielding and J Paterson v Southern Midlands Council and Bzowy Architecture.

11.4.2 CONSIDERATION OF COMPLAINT: NOTICE OF SUSPECTED CONTRAVENTION OF THE PLANNING SCHEME PURSUANT TO SECTION 63B OF THE LAND USE PLANNING & APPROVALS ACT 1993: 1384 TEA TREE ROAD, CAMPANIA

File Ref: T 2941293

Author: MANAGER DEVELOPMENT AND ENVIRONMENTAL SERVICES (DAVID CUNDALL)

Date: 11 MAY 2018

Enclosure:

Notice of Complaint

NOTE: The identity of the complainant has been kept confidential in this report.

INTRODUCTION

Council has received a formal notice of complaint from a member of the public against the Holy Tantra Esoteric Buddhism Incorporated whom own land at 1384 Tea Tree Road, Campania. The notice was lodged by a person that lives in the area.

The complainant alleges in the notice that the owners have not complied with the landscaping conditions of the Planning Permit (Reference DA 2014/56) for stone statues and works (Miscellaneous Use) which was granted in 2014.

The complaint is a formal notice pursuant to Section 63B of the *Land Use Planning and Approvals Act 1993*, and Council has 120 days, to advise the complainant if charges are to be laid in relation to the allegation or if enforcement action is to be undertaken by the Planning Authority.

Accordingly, Council, acting as the Planning Authority, must determine whether the complaint is justified.

BACKGROUND

A permit for the stone statues and works at 1384 Tea Tree Road was granted in 2014. The permit allowed the owners to develop the land for six (6) large statues and tiered earthworks.

The granting of the permit was appealed at the Resource Management and Planning Appeals Tribunal (RMPAT) by the adjoining owner and the matter was considered through a mediation process. An outcome of the mediation process was that the appellants and the owners of 1384 Tea Tree Road agreed that a tree screen (landscaping) would be planted alongside the statues to visually screen the development from the adjoining property 1356 Tea Tree Road. This was consequently included on the permit as a condition (Condition 4) on the Permit DA 2014/65.

The condition(s) on the permit reads as follows:

Landscaping/Tree Screening

4. *A shelterbelt must be planted with trees to visually screen the statues from the adjoining land described in Certificate of Title 155147/1. The shelterbelt shall be planted in accordance with the following specifications:*
 - a. *The shelterbelt is to be planted generally parallel to the western edge of the western most concrete slabs between the south-west corner of the south-west concrete slab through to the north-west corner of the north-western slab;*
 - b. *A tree species with a minimum height of 5m when mature will be used in the shelterbelt, with the species (one or more species) selected by the developer upon advice from a suitably qualified person;*
 - c. *Each row will comprise 15 trees of 3 meters apart to allow for their natural spread. Trees shall be planted in a staggered design to effectively create a visual screen;*
 - d. *The plantings shall be completed within 3 months of the completion of the works. Completion is defined by the issue of a ‘certificate of final inspection’ for the statues. It is the responsibility of the developer to notify Council upon the planting of the shelterbelt for inspection; and*
 - e. *The shelterbelt must be established and maintained to the satisfaction of the Manager of Development of Environmental Services and must include the replacement of any dead trees. The developer shall notify Council’s Manager of Development and Environmental Services 24 months after the completion of the shelter belt for a final inspection.*

Explanation of Condition

The purpose of the shelterbelt is to visually screen the statue development from the adjoining property (described as Certificate of Title 155147/1).

A specified distance for the tree plantings from the statues was not included in the permit conditions. This was not considered necessary and was agreed by all parties to the appeal in the consent agreement.

Compliance with the permit condition is measured largely on its quality i.e. to achieve a screen of trees that visually screen the statues from the land at 1356 Tea Tree Road. The overall “performance indicator” is therefore a measure of whether the statues are suitably screened from 1356 Tea Tree Road.

A tree screen has been planted on the property but is yet to be satisfactorily completed to comply with the permit conditions.

The complainant previously brought their concerns with the tree screen to Council in April 2017. Council Officers agreed that further landscaping works were necessary to achieve substantial compliance with the permit conditions.

Council Officers notified the owners of 1384 Tea Tree Road that the conditions of permit DA 2014/65 were not yet completely satisfied.

In order to better comply with the condition the owners of 1384 Tea Tree Road would need to do the following:

- Extend the row of trees to at least 60m from the Tea Tree Road (or other nominated distance that will screen the statues from 1356 Tea Tree Road)
- Plant a third row of trees, alongside the current two rows, that will eventually visually screen the statues. These need to be much taller trees than those already planted. For trees planted further “down” slope toward the Tea Tree Road, the trees should reach a minimum 15m in height maturity. It is therefore suggested the “third row” of trees should be planted that will all reach a minimum 15m in height. There are many evergreen species that would be suitable.

OR

- An alternative/second planting closer to the statues to guarantee screening may also meet the condition requirement.
- Before continuing with the landscaping the owners need to provide a landscape plan to Council Officers so ensure the works are likely to comply with the permit.

The further works are needed to best comply with the permit.

The owners of 1384 Tea Tree Road have notified Council that a landscaping plan prepared with the assistance of a qualified person is being prepared, however, that document has not yet been provided to Council Officers.

Council Officers have received numerous updates from the owners of 1384 Tea Tree Road that the landscaping plan is still in the planning phase and they have had difficulty with weather conditions, watering and availability of plant species.

PROVISIONS OF THE ACT

Under Section 63B of the Act, a person who suspects that another person has contravened a planning scheme may give notice in writing to the planning authority requesting that the planning authority advise whether it intends to issue an infringement notice or commence enforcement proceedings. The planning authority must determine the matter within 120 days.

If the planning authority determines that it will not issue an infringement notice or commence enforcement proceedings, then the person whom lodged the notice of complaint may then start ‘civil enforcement proceedings’ at the RMPAT under Section 64 of the Act.

This essentially involves an application to the Tribunal in which the Tribunal must first determine if the complainant has a proper interest in the matter and then conduct a hearing.

Typically the Tribunal, upon receiving an application under Section 64 would consider the minutes of the Council Decision on the matter. Accordingly this report may be used by the Tribunal to further consider the Section 64 Application.

Civil enforcement proceedings cannot commence until such time as Council has completed an investigation per the 63B Notice and notified the complainant of the

outcome. Only then can a complainant apply to the RMPAT seeking an order, subject to a hearing, per Section 64 of the Act to:

- a) *require the respondent to refrain, either temporarily or permanently, from the act, or course of action, that constitutes the contravention of, or failure to comply with, this Part; and*
- b) *preclude, for a period specified by the Appeal Tribunal, the respondent from carrying out any use or development in relation to the land in respect of which the failure to comply or contravention relates; and*
- c) *require the respondent to make good the contravention or default in a manner, and within a period, specified by the Appeal Tribunal.*

THE COMPLAINT

In the notice, the complainant has described, in general terms, that there has been a contravention of the Permit Condition 4 of Permit DA 2014/65, stating that, the trees have not been planted, maintained nor located in the planting design as required by the condition.

The complainant then cites the provisions of 63B of the Act. That is:

“...request the planning authority to advise the person whether it is intended that –

(i) charges are to be laid in relation to the contravention or failure; or

(ii) an infringement notice under section 65A, or an enforcement notice under section 65C, is to be issued and served on a person in relation to the contravention or failure; and

We request the planning authority to advise us if, within 120 days after the notice is given to the planning authority –

(i) charges are laid against a person in relation to the contravention or failure; or

(ii) an infringement notice under section 65A, or an enforcement notice under section 65C, is issued and served on a person in relation to the contravention or failure.”

ASSESSMENT

Investigation process

Council Officers undertook the following tasks in investigating the complaint:

- Collated and researched all data and records available to Council (related to the matter)
- Site visit to the land
- Spoken with the owners of the land

The Land

The land is a 100ha lot in the Rural Resource Zone. The land is accessed from the Tea Tree Road. The land contains open pasture, remnant vegetation, a dwelling, some

outbuildings, stone statues, landscaping, internal tracks, minor waterways and other rural type improvements.

The statues and the tree plantings are located on the western side of the property.

The landscaping (to date)

Landscaping of the site has commenced with the planting of two (2) rows of trees between the statues and the adjoining land at 1356 Tea Tree Road. The rows of trees are approximately 170m long and are located approximately 20m from the western boundary. The landscaping has been maintained since its planting. However several trees have not survived due to watering or transplanting issues.

Condition 4

Condition 4 and the sub conditions are assessed in the table below (Table 1).

TABLE 1 – Assessment of permit condition(s)

Condition	Officer Comment
4. A shelterbelt must be planted with trees to visually screen the statues from the adjoining land described in Certificate of Title 155147/1. The shelterbelt shall be planted in accordance with the following specifications:	
a. The shelterbelt is to be planted generally parallel to the western edge of the western most concrete slabs between the south-west corner of the south-west concrete slab through to the north-west corner of the north-western slab;	<i>No distance from statues was specified in the final permit condition. The measure of whether they are in the “right place” is whether or not the trees are likely to effectively screen the statues from 1356 Tea Tree Road.</i>
b. A tree species with a minimum height of 5m when mature will be used in the shelterbelt, with the species (one or more species) selected by the developer upon advice from a suitably qualified person;	<i>One of the species planted has a maximum height of 5m the other has a maximum height of 8-12m. The condition requires a minimum height of 5m in order to achieve the intent of the condition. Again the overall effect is to visually screen from 1356 Tea Tree Road.</i>
c. Each row will comprise 15 trees of 3 meters apart to allow for their natural spread. Trees shall be planted in a staggered design to effectively create a visual screen;	<i>There are currently 2 rows of trees which are 5m apart. Not 3m apart. This can be ok if the resultant effect is a visual screen. It is yet to be determined as the trees are yet to grow to full maturity – but is unlikely that the current configuration will achieve the intent of the condition.</i>

<p>d. The plantings shall be completed within 3 months of the completion of the works. Completion is defined by the issue of a 'certificate of final inspection' for the statues. It is the responsibility of the developer to notify Council upon the planting of the shelterbelt for inspection; and</p>	<p><i>Though the plantings were commenced they are yet to be completed.</i></p>
<p>e. The shelterbelt must be established and maintained to the satisfaction of the Manager of Development of Environmental Services and must include the replacement of any dead trees. The developer shall notify Council's Manager of Development and Environmental Services 24 months after the completion of the shelter belt for a final inspection.</p>	<p><i>The shelter belt is yet to be fully established to satisfaction of Manager DES. The replacement of any existing dead trees is planned by the owners of the land.</i></p>
<p>Explanation of Condition The purpose of the shelterbelt is to visually screen the statue development from the adjoining property (described as Certificate of Title 155147/1).</p>	<p><i>The "performance indicator" is therefore a measure of whether the statues are suitably screened</i></p>

Council Enforcement

Though Council Officers have commenced enforcement action in regard to this matter, Officers have not issued a Notice of Intent to Issue an Enforcement Notice (NOI) under the Act nor issued an infringement notice (fine).

Council Officers continue to work with the owners of the land to see that compliance with the condition will be achieved. Steps towards compliance with the condition are being taken albeit slowly and albeit not to the satisfaction of the complainant.

In the last discussion with the landowners, in preparing this report, they have given an undertaking to plant more trees before the end of June 2018 and they have been waiting on suitable stock from their nursery which has caused the delays.

Should Council however determine that Enforcement proceedings under the Act are still necessary it would need to begin with the NOI which is basically a Notice stating there is a suspected contravention of the Act and that Council requires an explanation of the matters at hand within a 28 day period.

If the matter is not rectified or other satisfactory action taken by the recipient of a NOI then Council can issue the Enforcement Notice (EN). The EN would stipulate certain action be taken, or depending on circumstances, that an action be terminated by a nominated date. This would likely be another 28 day period.

If the recipient does not comply with the EN then Council can prosecute through the Magistrates Court and seek that orders are made in relation to the matter. The timeframe of prosecution is unknown but could be in the vicinity of months at expense to the Council.

The recipient of the EN could also appeal the notice at the RMPAT. This would in effect commence an appeal like hearing process.

In Officer/Council decision making on enforcement proceedings, whether formal or informal, Council per the Council's *Enforcement Policy* will adhere to the principles of good enforcement.

Officers take a consistent transparent, fair and proportionate approach to the enforcement of Local Government legislation; and in making such decisions, on the right course of action, Officers will discuss the issue at Council's Development Assessment Committee, consult with management and where necessary consult with the General Manager or the Elected Council.

In coming to a decision on the most appropriate means of enforcement, the officer shall consider, amongst other relevant factors:

- the seriousness of the offence;
- the degree of wilfulness involved;
- past history;
- the consequences of non-compliance;
- the likely effectiveness of the various enforcement options;
- deterrence;
- the effect on the community and other people; and
- consistency of approach to similar breaches/offences.

The following factors are to be ignored when choosing an enforcement strategy:

- any element of discrimination or bias against the person such as ethnicity, nationality, political association, religion, gender, sexuality or beliefs; and
- possible political advantage or disadvantage to a government, person holding (or a candidate for) public office, or any political group or party.

Where a personal association or relationship with the alleged offender or any other person involved exists:

- an alternative person will make decisions where possible; and
- the facts about any conflict/relationship will be recorded.

In regard to the permit conditions of DA 2014/56 the following is taken into account:

- The owners have substantially commenced the planting and maintenance of trees but have not yet satisfactorily completed the works; and
- Further works are underway with the preparation of a landscape plan and consultation with plant providers and nurseries
- The owners have given an undertaking to continue more planting prior to July 2018.
- No person, or property, or the environment is currently under any threat or risk of harm due to the incompleteness of the works.
- There is a strong degree of wilfulness from the owners of 1384 Tea Tree Road to complete the works

CONCLUSION

The focus of the investigation was to determine if Council needs to commence enforcement action under the Act i.e. commence enforcement proceedings against the owners of the land or issue a fine (or series of fines) for non-compliance with the permit condition 4 of the permit DA 2014/56.

The investigation reveals that the landscaping works are not yet complete. Further landscaping works are necessary.

To ensure the owners are likely to comply with the condition they should submit a landscaping plan to Council Officers before further works are undertaken. That way the owner and the Planning Authority can be satisfied that both the location, type of works and type of species are likely to comply with the condition.

In recent discussions with the owners of the land, further plantings will be undertaken prior to July 2018. There is a strong wilfulness from the owner to comply with the permit conditions.

Per the recommendations of this report Council will advise the Holy Tantra Esoteric Buddhism that no charges be brought against them and that Enforcement Action (issue of a NOI) is suspended until July 2018 and will be issued pending substantial plantings be undertaken on the land before 30th June 2018.

The complainant will also be advised of this outcome.

RECOMMENDATION

THAT, in response to the Notice of suspected contravention of the Planning Scheme pursuant to Section 63B of the *Land Use Planning & Approvals Act 1993* pertaining to landscaping works at 1384 Tea Tree Road in contravention of the permit DA 2014/56:

- (a) No charges be brought against the owner of 1384 Tea Tree Road;**
- (b) No planning infringement notice be issued to the owner of 1384 Tea Tree Road;**
- (c) A Notice of Intent to Issue an Enforcement Notice will be issued in July 2018 if further landscaping works are not satisfactorily completed by 30th June 2018.**
- (d) The complainant be advised of the above and of their right to commence civil enforcement proceedings at the Resource Management & Planning Appeals Tribunal under Section 64 of the Act if they wish to take the matter further.**

Subject: s63b

Dear Mr Kirkwood

We write to lodge a notice with Council pursuant to s.63B of the LAND USE PLANNING AND APPROVALS ACT 1993 - SECT 63B.

Pursuant to s2(a), we advise that we believe there has been a contravention to condition 4 of a permit issued for the construction of 6 statues at 1384 Tea Tree Rd. Specifically, the trees have not been planted, maintained nor located in the planting design as required by the condition.

We therefore request the planning authority to advise the person whether it is intended that –

(i) charges are to be laid in relation to the contravention or failure; or

(ii) an infringement notice under section 65A, or an enforcement notice under section 65C, is to be issued and served on a person in relation to the contravention or failure; and

We request the planning authority to advise us if, within 120 days after the notice is given to the planning authority –

(i) charges are laid against a person in relation to the contravention or failure; or

(ii) an infringement notice under section 65A, or an enforcement notice under section 65C, is issued and served on a person in relation to the contravention or failure.

regards

Road Traffic Counter Report – Elderslie Road

ROADS PROGRAM

Due to heavy rain in some areas, there has been a need to reinstate pavement and regrade drains on Church Road, Broadmarsh (top section only). Other sections will be followed up (Blackbrush Road, Chauncy Vale Road and part of Huntington Tier Road) in the coming weeks.

The second Grader is working on York Plains Road and will be in that area, heading to Stonehenge to repair some water damage.

The culvert gang is working on Native Corners Road at present. Considerable damage occurred.

Estate Lane, Campania was heavily impacted and has been made clear and trafficable.

The kerb and gutter for Memorial Avenue, Kempton has been completed.

Kerb and gutter for Tunbridge has been prepared and awaiting on the contractor to complete works.

Town and general maintenance is continuing in all other areas.

Road Traffic Counter

The Road Traffic Counter has been returned from installation on Elderslie Road (report attached).

Waste Management Program

All new operating arrangements are working well.

General

Re-tenders for the supply and erection of the main workshop building at the Glenelg Street depot closes on Thursday, 17th May 2018. An update will be provided at the meeting.

QUESTIONS WITHOUT NOTICE TO MANAGER, WORKS & TECHNICAL SERVICES

RECOMMENDATION

THAT the Works & Technical Services Report be received and the information noted.

14.1.1 HERITAGE PROJECT PROGRAM REPORT

Author: MANAGER HERITAGE PROJECTS (BRAD WILLIAMS)

Date: 17 MAY 2018

ISSUE

Report from the Manager, Heritage Projects on various Southern Midlands Heritage Projects.

DETAIL

During the past month, Southern Midlands Council Heritage Projects have included:

- Continued works at the Oatlands Commissariat and 79 High Street with final fitout and painting work on the shop/cottage being undertaken (based on a historic surface finish survey). Fencing has been largely completed and archaeological work associated with the works process is being undertaken.
- Expression of interest documentation for community use of 79 High Street is nearing finalisation.
- The Beacon project is progressing in conjunction with Brighton Council (refer to below briefing note from Heritage Officer Simon Blight).

The Beacon project is a tourism smart phone based app coordinated by Destination Southern Tasmania with four councils (Derwent Valley, Brighton, Clarence and SMC) having partnered by making a financial contribution to the app and content development as well as rolling out the beacons themselves. The beacons are proximity driven i.e. once you have downloaded the phone app, when you are close to the beacon a notification will occur on your phone and you can access the information that that beacon/ location holds. Each council has been allocated 27 beacons. The beacons can display text, images, video and 3D modelling with associated sound;

Alan Townsend and Simon Blight have worked with the other councils to decide the content format, required outcomes, sites, creating transition and links from one council area to another to enhance user experience while avoiding overlap of content;

In the case of the SMC we have focused on historic sites located at Kempton, Jericho and Oatlands; and

We are responsible for providing content (images/text/ video), while the app development and rollout is being undertaken by Handbuilt Creative in Richmond.

- Final hardware install of the keycard access system and staff training for programming. Discussions are being finalised with Oatlands businesses for the final deployment of the system.
- Development of content for interpretation panels at the Kempton Memorial Avenue.
- Undertaking a basic research project on Anglican Churches in the Southern Midlands.
- SMC hosted the Annual General Meeting for Cultural Heritage Practitioners Tasmania which included a briefing on the 79 High Street/Commissariat project and a tour of the site.
- Liaison with SMC's Community and Corporate Development team on the upcoming Heritage Festival in August.
- Continued discussions with university stakeholders for a 2019 archaeological field program at a Southern Midlands convict site.
- Simon Blight has been on leave for part of May.

Heritage Projects program staff have been involved in the following Heritage Building Solutions and Heritage Education and Skills Centre activities:

- Brad Williams is currently working approximately 2 days per week for a major HBS project in the Derwent Valley on secondment from Southern Midlands. By June 30th 2018, Brad will cease all input into the operations, administration and management of HBS as part of a handover to Tegan Davies who has been employed as Operations Coordinator for the Centre for Heritage.
- Liaison with the consulting team who are undertaking the review of the Tasmanian Building and Construction Industry Training Board's 2012 heritage trades skills survey. The results of that survey will guide the future directions of HESC.

RECOMMENDATION

THAT the Heritage Projects Report be received and the information noted.

14.2.1 LANDCARE UNIT – GENERAL REPORT

Author: NRM PROGRAMS MANAGER (MARIA WEEDING)

Date: 15 MAY 2018

ISSUE: Southern Midlands Landcare Unit Monthly Report.

DETAIL

- Helen Geard and Maria Weeding have been busy with Kempton Streetscape matters. This has included a meeting with the group. A budget request for 2018 – 2019 Capital works will be forwarded to Council for consideration. The Silver Birch trees in the gymkhana paddock have been attended to with the installation of some water well surrounds. A few trees that had not survived the long dry summer were removed.
- Maria Weeding has been busy with matters relating to Lake Dulverton in respect to the draft landscape plan for the area on the foreshore known as the 'Pine Tree Area'. The plan is now ready to go out for public consultation.
- Maria Weeding and Helen Geard installed Two Dog Tidy bag dispensers on the foreshore at Lake Dulverton.
- Visit from the Department of State Growth regarding the toilet block upgrade to consult on the funding for this project.
- Council's Weeds Officer Sandy Leighton continues with her work. The following is a summary of activities from April 18th to 14th May 2018 (*details provided by S Leighton*).

Enquiries

3 (Fennel, Pampas grass, gorse)

Site visits

Pampas grass reported by councillor and two additional plants located on Tunnack Road Mt Seymour.

Letter sent to landholder and email sent to State Growth regarding control of these plants as pampas grass is a state eradication target.

Weeds Officer removed all flower heads from roadside plant.

Emerging weed issues

Serrated tussock at Spring Hill

- Weeds Officer located additional plants in nearby gullies adjacent to stock route
- DPIPWE surveyed additional areas on 1 May – no new plants/ areas found
- Landholder engaged Weed Contractor who has now treated all known plants
- Landholder will reengage contractor to survey and treat plants in Spring

Stemless thistle at Melton Mowbray

- o landholders contacted, no site visit possible to date as landholder away/ too busy

Database update

Cotton, Saffron and Nodding thistle information updated from farmer interviews.
Mailing lists also updated.

Mapping

Meeting with Graham Green to progress mapping of thistle data.
Commenced entering into GIS.

Thistle interviews

- o Landholder cotton/ saffron/ nodding thistle interviews continue (3 interviews & 18 properties)
- o Additional properties identified, currently sourcing maps and contact details

RECOMMENDATION

THAT the Landcare Unit Report be received and the information noted.

14.2.2 PROPOSED POLICY (DRAFT) – MANAGEMENT OF TREES ON COUNCIL LAND

Author: DEPUTY GENERAL MANAGER (A BENSON)

Date: 17 MAY 2018

Attachment:

Draft Policy Version 2_Management of Trees on Council Land

ISSUE

Council is desirous of establishing a policy to facilitate the consideration of managing trees in public spaces on Council land.

BACKGROUND

Council, at its meeting held in March 2018, received a presentation by Mrs D Wilson concerning a tree that was removed from the High Street in Oatlands. This matter was also the subject of a *Councillor's Question with Notice* during Councillor's Question time, from Cllr Campbell. In response to those matters the following resolution was passed:

"THAT Council:

- 1. As a matter of priority, proceed to draft a Street Tree Policy; and*
- 2. As part of this process, consider the need to develop an accompanying By-Law."*

Further, Council at its meeting in April 2018 considered a preliminary draft (version 1) of the Management of Trees on Council Land policy, with a number of suggestions for refinement being received during the meeting with those elements to be included within the document, along with any suggestions received from Councillors during the ensuing period, and then to be presented to the May 2018 meeting.

DETAIL

The proposed Policy is presented for Council's consideration as a starting point in the development of a meaningful document to address the issue of the management of trees on Council land.

RECOMMENDATION

Submitted for discussion prior to initiating a public comment period.

PROPOSED POLICY (DRAFT) MANAGEMENT OF TREES ON COUNCIL LAND

A. INTRODUCTION

1. Context

Street and reserve trees contribute to the appearance of a place through their aesthetic value by providing identity and character. In addition, trees positively contribute to the environment by absorbing heat, providing shade, reducing solar radiation, providing habitat to fauna and flora, utilising storm water runoff, maximising carbon storage and assisting in air purification. For Council to sustain this contribution, it must plan for and manage all stages of a tree's life from planting through to maintenance and eventual removal and replacement.

The community generally accepts that street trees are highly desirable and can transform streets into an aesthetically pleasing spaces. Nevertheless, quite serious problems can arise if careful thought is not given to both the types of trees selected for street planting and their location. Trees may become dangerous over time and can pose a risk to personal safety and property depending on their location. In addition, essential services such as sewerage, public mains and private drains/septic tanks can be blocked by tree roots. Both overhead and underground electricity and water supplies can be interrupted and street infrastructure such as kerbing and footpaths can be damaged. If trees are not adequately managed this can lead to injury, considerable inconvenience, expense and ill feeling both to property owners and to public utilities.

2. Purpose

This policy is directed at establishing a framework/guide for managing trees planted on Council streets and public land. It will assist in determining acceptable levels of risk through the development of a tree risk management program while recognising and promoting the value of trees in contributing to the amenity of the Southern Midlands, in both streets as well as recreation grounds and reserves. Well-developed maintenance programs for public trees are important for maintaining tree health, ensuring that public safety is not compromised, and protecting infrastructure from damage. This policy outlines current directions for the management and maintenance of trees on Council land.

3. Objectives

The objectives of tree management are to enhance the landscape, to maintain a safe and sustainable canopy, and to conserve the natural environment. This management responsibility involves adopting a systematic approach to reducing the risk for injury to people and damage to property to levels that are considered acceptable in accordance to Council's policies and practices, and includes:

- a. Developing and implementing a tree management program that, for example, includes such criteria as:
 - i. Identifying trees that represent a significant consequence if they fail.

- ii. Ensuring that trees in high use areas are regularly inspected for hazards that could pose a risk to public safety.
 - iii. Ensuring that trees are routinely pruned with the aim of protecting public utilities, enhancing public safety and amenity, and improving or maintaining tree health and facilitating pedestrian and vehicle movements.
 - iv. Complying with approved fire management strategies and plans.
 - v. Complying with relevant Australian standards.
- b. Establishing an effective maintenance program and arboricultural work practices that address issues relating to risk, health and replacement of trees. The maintenance program may, for example include such criteria as:
- i. Identifying trees of significance.
 - ii. Adhering to a replacement tree strategy – planned and reactive.
 - iii. Giving priority in pruning to trees in areas of high public use, such as streets, car parks, shopping areas and picnic areas. This may include carrying out formative pruning of young trees in the first five years following planting, removing or reducing multiple leaders on young trees when they are considered a potential future hazard, pruning trees to avoid interference with power lines, street signs, street lights and other services or removing lower branches up to a height of 3 to 5 metres in order to give clear pedestrian and traffic access and clear sight lines, particularly for vehicles entering and leaving driveways, or approaching intersections.
 - iv. Adhering in pruning to Australian Standards (AS/NZ 4373).

B. PLANNING, PLANTING AND MAINTAINING

Village Areas

1. Planning - Trees will be selected in accordance with any existing approved street and landscape plans. In the absence of a plan, they are to be consistent with the general tenor of the existing streetscape and comply with the requirements of the tree risk management program. In particular, trees to be planted on nature strips and trees on public land that are within 15 m of a building or public walkway are to be of a species that:
 - a. provides a shade canopy in summer;
 - b. grows, or can be kept to, a maximum height of 10m;
 - c. are not prone to interfere with overhead, above or below ground infrastructure; and
 - d. can have a clear trunk to 2.5m when mature.
 - e. are sensitive to maintaining existing significant views from the surrounding area. In new developments, developers may, at the discretion of Council, be required to ensure that a landscape plan is prepared, implemented and maintained for a period of 3 years in accordance with this policy.
2. Planting - Trees will be planted in accordance with approved arboricultural work practices having regard to maintenance program requirements. Council will be solely responsible for the planting of trees to ensure the agreed objectives are met. Any requests from the public to plant trees will be considered by Council in the context of this policy and if approved will be carried out under the direction of Council if members of the public wish to be involved.

3. **Maintaining** - Tree maintenance will be carried out in accordance with the maintenance program and approved arboricultural work practices. Inspecting trees regularly ensures that structural defects and/or other risk factors are identified and dealt with in a timely and targeted manner in accordance with a recognised risk assessment method. The pruning, removal and replacement of trees on nature strips and public land will be undertaken by Council. All tree surgery work will be carried out by qualified staff. When a member of the public is concerned about the safety or health of a particular tree on public land, a site visit is arranged and the tree assessed. Clearing from private property of vegetation which overhangs footpaths, right of ways etc., is the responsibility of the property owner. If the owner does not undertake the necessary work Council will and a charge will be negotiated.

Natural Areas

Natural Area vegetation communities will be managed to conserve and enhance the habitat, conservation, biodiversity and recreational amenity values of those communities, whilst minimising risks.

1. **Planning** - Trees to be planted in natural areas are to be local provenance seedlings, where possible, as a means of replacing trees when revegetating disturbed natural areas. Any future plan for a natural area will have regard to existing Land Management Plans, approved Fire Management Strategies and local area Activity Plans. Community input will be sought in the development of plans.
2. **Planting and Maintaining** - Planting and maintenance work will be carried out in accordance with approved plans and approved arboricultural work practices. Volunteers may be involved in undertaking this work under Council supervision.

C. REMOVAL

This removal policy applies only to trees on Council land that are not subject to a Natural Area Assets Code or Historic Heritage Code under the current Planning Scheme or other statutory obligation. Notwithstanding this provision any tree that reaches an unacceptable level of risk which constitutes an actual risk to pedestrians and/or vehicular movement will be removed or have necessary remedial work undertaken.

1. **Retention and Removal** - A conservative approach is adopted towards the removal of live trees on public land. However, healthy trees will be removed if they are an actual risk to public safety or property, including infrastructure. Additionally, trees can be removed if they do not conform to an approved streetscape or landscape plan, subject to availability of funds. Otherwise healthy trees will be considered for removal only if they pose a significant concern to an adjacent property owner. The grounds can include:
 - a. Unsuitability of the tree to the immediate residential area,
 - b. Shading causing solar access issues,
 - c. Maintaining existing significant views from the surrounding area ,
 - d. The tree has reached an unacceptable level of risk as raised by adjacent residents,
 - e. Significant nuisance caused by shedding material,
 - f. A tree will be removed if it is dead or in irreversible decline unless particular circumstances warrant its retention.

Prior to removal Council will give consideration to whether the:

- a. tree is listed on the natural heritage register or has historical significance;

- b. tree is part of a significant native community identified in the Natural Assets Inventory, or under the Rare and Threatened Species Protection Act;
- c. tree is recognised as part of a heritage site listed under the planning scheme or the Historic Buildings Register;
- d. tree is recorded as to be retained on an approved Master Streetscape Plan; Landscape Plan, or Land Management Plan;
- e. tree is required to be retained as part of a development approval;
- f. provisions of the Planning Scheme prohibit the removal;
- g. tree is within an area covered by the Regional Forests Agreement;
- h. tree is located on Land leased by Council, e.g. Crown Land, where the land owner's authority is required; and
- i. the extent of neighbourhood opposition to the removal of a tree

Trees will not be removed solely for reasons such as:

- a. adjacent landowner preference for no street tree or for a different species;
- b. complaints about appearance (unless these are related to very poor tree health);
- c. complaints about small quantities of leaf litter or twigs; or
- d. complaints relating to tree roots protruding above the ground or 'competing with lawns'. If it is necessary to remove individual living trees from nature strips, regardless of whether the tree was planted by the Council or the adjacent landowner, the adjacent landowner will be consulted as to the reasons why the tree is to be removed. Where a group of trees is to be removed, the level of consultation will be more extensive. Where the removal of a street tree is necessitated for reasons associated with a redevelopment of a block it will be replaced with a new tree of an appropriate species in a similar location.

2. Process for Removal - Where a request for pruning and/or removal of trees is made and there is an actual risk issue, the tree will be dealt with immediately. If the tree is on an imminent future year replacement schedule or does not conform to an approved plan, the availability of funds and the relative priority will determine when the tree is removed.

In other cases, the following process will be undertaken:

- a. A Tree Removal Application is to be made by the adjacent landowner and must cite one or more of the reasons set out in Section C 1 above.
- b. The validity of those reasons is to be assessed by Council Officers before any provisional approval or refusal is granted. The assessment, where appropriate, will include a risk analysis.
- c. In making that assessment, Council Officers may seek advice from contracted professionals with appropriate expertise (including, where relevant, professional arborists - holding a Certificate 4 or above in arboriculture and hold a qualification in tree risk assessment), and are to consult with neighbours and those likely to be affected.
- d. Once the assessment is completed, Council Officers will issue a Notice of Intent to Approve or Refuse the Tree Removal Application. The Notice, together with the completed assessment, the advice (if any) obtained from contracted professionals, and with the results of neighbourhood consultation is to be reported in the following Council Weekly Briefing Bulletin.

- e. To enable Councillors, by Motion on Notice, to overturn the Notice of Intent to Approve or Refuse, no tree is to be removed until four weeks have elapsed from the publication of the Officers' recommendation in the Weekly Briefing Bulletin.
- f. If the Notice of Intent to Approve or Refuse is not overturned by Council within four weeks, an approval/refusal will be issued by the General Manager, or his delegate.

D. REPLACEMENT

1. Replacement - Tree replacement is an important part of the maintenance of the public landscape. The timely replacement of dead or missing trees in newly developed landscapes, regular replacement of established trees, and replanting programs that follow the removal of ageing trees ensures that the original landscape design intent is not only initially achieved but is also retained for future generations. The community will be informed about the reasons for replacement where appropriate.
2. Ageing trees - Ageing trees in parks and streetscapes are subject to strategic tree replacement programs. Parks and streets where ageing trees need to be removed and replaced are identified and subject to funding, these sites are included on the annual tree replacement program. This ensures that the original landscape design intent is retained for future generations. The community will be informed about the reasons for removal where appropriate.
3. Routine Tree Replacement - Trees in parks or streets that have been removed for the reasons above or are missing are recorded and routinely replanted in a later planting season. This procedure ensures that the original landscape design intent is retained as plants mature. Depending on the availability of funding, missing trees are replaced with the same or similar.

15.7.1 PROPOSED KEMPTON COMMUNITY HEALTH CENTRE

Author: GENERAL MANAGER (TIM KIRKWOOD)

Date: 17 MAY 2017

ISSUE

To provide Council with an update in relation to the proposed development of a small scale Community Health Centre in Kempton and seek endorsement to progress and secure the required planning and building approvals.

BACKGROUND

Council was last provided with an update in respect to this matter at the October 2017 meeting. In summary, Council was informed that there has been ongoing discussions with Huon Regional Care regarding the possibility of that organisation providing GP services (and other allied health care services) to the Kempton and surrounding communities.

These preliminary discussions have primarily been between Chris Harman (who has taken the lead on behalf of the local community); myself and representatives from Huon Regional Care.

The proposal was developed to the extent that Huon Regional Care would be prepared to establish a service in the ‘ex Principal’s residence’ which forms part of the Kempton Primary School. Whilst no formal arrangements have been documented (or formally agreed) with Huon Regional Care, the proposal to use the residence has been fully supported by the Kempton Primary School and this has since been endorsed by the Education Department.

Council were advised that its Assistant Building Surveyor, who is an accredited building designer, has inspected the premises (in conjunction with Mr Harman and other Council officers) and Plans (refer attachment A) have been prepared for development approval purposes. The design and layout was generally agreed with Huon Regional Care and the Kempton Primary School.

The total cost of the works, including parking infrastructure, is estimated at \$200,000 and a potential was identified (as follows):

- State Government – Direct Contribution	\$75,000
- Southern Midlands Council – Direct Contribution	\$25,000
- Loan Funding	\$100,000

Note: The Southern Midlands Council would apply for the \$100K loan as part of the State Government’s Economic Stimulus Scheme that has now been rolled out to all Councils. This recognises that the scheme, amongst other things, has been established to bring forward much needed infrastructure projects and provide better local facilities. Under this

Scheme the State Government will provide Council with rebates on the interest costs for up to five years.

This funding model was submitted to the State Government as part of an election submission and a commitment was secured from the Liberal Government to fund its contribution of \$75,000.

DETAIL

The State Government, through the Department of Premier and Cabinet, is now wanting to progress preparation of a Grant Deed and payment of the \$75,000 to Council to enable the project to proceed.

This advice resulted in follow-up discussions with Huon Regional Care to determine the status of the proposal from its perspective. In brief, advice has been received that they are not in a position to finalise (or progress) negotiations at present as their organisation is currently going through a major restructure which will result in significant change.

As such, Council is now required to make a decision whether it will progress with the development, recognising that the State Government funding is available, or defer any further action pending advice from Huon Regional Care.

At this stage it should be noted that as part of the initial planning, which involved consultation with other potential service providers, the major obstacle was the fact that no present facility existed.

In light of the above, it is strongly thought (and recommended) that Council should progress with the development, and at least be at a stage whereby a facility exists, and can be promoted to potential service providers.

Subject to Council's position, the fact that a definite service provider has not been secured, would be recognised as part of finalising the Grant Deed.

Human Resources & Financial Implications – refer detail provided above.

Estimated total loan servicing costs (i.e. principal and interest) for the \$100K loan over a period of 20 years will total \$152,680 (rate of 4.50%). The interest rebate for the first five years amounts to \$24,186. This means a net outlay of approximately \$128,500 over the twenty year period, or annual cost of \$6,425. Recognising the real likelihood of attracting other community health service providers (on either a fixed or casual basis), rental payments received would offset the annual loan servicing costs.

In summary, progressing with the development is viewed as a low cost/low risk proposal.

Community Consultation & Public Relations Implications – There is significant community interest in the provision of GP services locally, with reports still being received of people being unable to secure an appointment within a reasonable timeframe.

Policy Implications – N/A

Priority - Implementation Time Frame – subject to Council' decision, it is intended to finalise the Grant Deed (which would reflect the current circumstances), and proceed to

enter into a satisfactory agreement with the Education Department (i.e. Kempton Primary School). Applications for development and building approval would then follow.

In the interim, negotiations with all potential service providers would be progressed with the aim of securing occupancy agreements.

RECOMMENDATION

THAT:

- a) The information be received;
- b) Council endorse progressing the development of a small scale Community Health Centre in Kempton to the next stage which involves securing the required planning and building approvals; and
- c) Council seek to finalise the Grant Deed which would reflect the current circumstances.

15.10.1 2018/19 ANIMAL MANAGEMENT FEES (INCLUDING DOG REGISTRATION)

Author: ANIMAL MANAGEMENT/COMPLIANCE OFFICER (HELEN BRYANT)

Date: 16 MAY 2018

ISSUE

Adoption of the 2018-19 Animal Management Fees.

BACKGROUND

Dog Registration fees are to be adopted in accordance with Council's Dog Management Policy and the *Dog Control Act 2000*.

DETAIL

For information, the following is a list of the fees and charges that were adopted for the current financial year (i.e. 2017/18):

CLASS	EVIDENCE REQUIRED	AMOUNT
Dog Desexed	<i>(Vet Certificate or Stat Dec required)</i>	\$30.00
Dog Non-desexed		\$40.00
Greyhound/Working Dog/Purbreed (for showing/breeding)	<i>Certificate required, TCA or GRT membership or ABN</i>	\$30.00
Dangerous Dog/Restricted Breed/Guard Dog	<i>Declared by General Manager</i>	\$90.00
Guide Dogs/Hearing Dogs		No Charge
Pensioner	<i>Pension Concession Card Health Care Card</i>	50% discount off scheduled fee (one dog only)
Replacement Tag (metal lifetime tag)		\$10.00
Formal Notice of Complaint		\$60.00
Kennel Licence Application		\$120.00
Kennel Licence Renewal		\$50.00
Impound Fee (for all animals)		\$30.00
Feed/Care Fee (daily charge)		\$10.00
Dogs Home of Tasmania Impound Fee	<i>Paid directly to Dogs Home</i>	Refer Dogs Home

Councillors may recall that:

- a) all fees were increased marginally (compared to the previous financial year) to offset the cost of improved animal management services;
- b) a reduced fee was introduced for de-de-sexed dogs which provides an incentive and encouragement for responsible dog ownership;
- c) the higher fee payable after the 31st July was deleted as all dogs should be registered prior to that date; and
- d) a separate charge was introduced for declared dangerous dogs/restricted breed dogs/guard dogs. This is consistent with other Council practices.

In reference to Council's Dog Management Policy, refund of registration fees will only be provided for dogs that have died in the current year of registration. Refunds are only available on completion of the appropriate form lodged with Council by the owner of the dog subject of the claim. Any refund provided is on a pro-rata basis as at the time of application.

The Southern Midlands Council will transfer dog registrations from other Tasmanian Councils at no cost to the dog owner, provided the registration is for the same registration period.

Human Resources & Financial Implications – In reference to the draft 2018/19 Budget, the same level of fees would achieve approximately 55% cost recovery for the Animal Management Service. Acknowledging that animal management involves the management of all other animal related complaints and issues, this is considered reasonable. For this reason, fees could be kept at the same level for this coming financing financial year.

Community Consultation & Public Relations Implications – Nil

Southern Midlands Council Website - The adopted Fees will be displayed on the website.

Policy Implications - Policy position.

Priority - Implementation Time Frame – It is normal practice for reminder Notices to be issued in late May of each year. Registration fees are due on 1st July.

RECOMMENDATION

THAT Council adopt the following Animal Management Fees for the 2018-19 period:

CLASS	EVIDENCE REQUIRED	AMOUNT
Dog Desexed	<i>Vet Certificate or Stat Dec required</i>	\$30.00
Dog Non-desexed		\$40.00
Greyhound/Working Dog/Purbreed (for showing/breeding)	<i>Certificate required, TCA or GRT membership or ABN</i>	\$30.00
Dangerous Dog/Restricted Breed/Guard Dog	<i>Declared by General Manager</i>	\$90.00

Guide Dogs/Hearing Dogs		No Charge
Pensioner	<i>Pension Concession Card Health Care Card</i>	50% discount off scheduled fee (one dog only)
Replacement Tag (metal lifetime tag)		\$10.00
Formal Notice of Complaint		\$60.00
Kennel Licence Application		\$120.00
Kennel Licence Renewal		\$50.00
Impound Fee (for all animals)		\$30.00
Feed/Care Fee (daily charge)		\$10.00
Dogs Home of Tasmania Impound Fee	<i>Paid directly to Dogs Home</i>	Refer Dogs Home

Local Government Shared Services – Joint Venture Update – March 2018

ISSUE

To inform Council of the Common Services Joint Venture activities for the months of February and March 2018.

BACKGROUND

There are seven existing members of the Common Services Joint Venture Agreement, with two other Council's participating as non-members.

Members: Brighton, Central Highlands, Glenorchy, Huon Valley, Sorell, Southern Midlands and Tasman.

DETAIL

Refer 'Common Services Joint Venture Update – February and March 2018 attached.

Human Resources & Financial Implications – Refer comment provided in the update.

February 2018 - Councillors will note that the Southern Midlands Council provided 75 hours of service to two Councils: - Central Highlands and Derwent Valley and received 4 hours of services from other Councils.

March 2018 - Councillors will note that the Southern Midlands Council provided 46 hours of service to two Councils: - Central Highlands and Derwent Valley and received 19 hours of services from other Councils.

Details of services provided are included in the attachment.

Community Consultation & Public Relations Implications – Nil

Policy Implications – N/A

Priority - Implementation Time Frame – Ongoing.

Local Government Shared Services - Council Update

Council

Southern Midlands

Shared Service Participation in February 2018

79 hours

Summary

In February 2018, 79 hours of shared services were exchanged by the Southern Midlands Council which was a significant increase from hours exchanged in January (32). From this total, Southern Midlands provided 75 hours of services to other Councils, and received only 4 hours of services from Brighton Council.

Cost Benefits Achieved by Southern Midlands and Other Councils

79 hours of Shared Services were exchanged by Southern Midlands Council last month. Analysis of Shared services provision has indicated that both the Provider Council and the Client Council save money through the exchange of Shared services at an approximate ratio of 50%.

In the month of February, it is estimated, Council have achieved a net benefit of approximately \$4,379. This was a result of increasing the utilisation of its current staff to earn additional revenue from providing services to other Councils, and from utilising Shared Services from within Local Government as opposed to external consultants (on average LG Shared Services rates can be procured at significant discount to external consultant fees).

It is estimated that Southern Midlands Council's direct involvement in Shared Services saved ALL participating Councils (including Southern Midlands Council) approximately \$4,630 for the month of February.

Local Government Shared Services - Council Update

Council

Southern Midlands

Shared Service Participation in March 2018

65 hours

Summary

In March 2018, 65 hours of shared services were exchanged by the Southern Midlands Council which was a decrease from hours exchanged in February (79). From this total, Southern Midlands provided 46 hours of services to other Councils, and received 19 hours of services from other Councils.

Cost Benefits Achieved by Southern Midlands and Other Councils

65 hours of Shared Services were exchanged by Southern Midlands Council last month. Analysis of Shared services provision has indicated that both the Provider Council and the Client Council save money through the exchange of Shared services at an approximate ratio of 50%.

In the month of March, it is estimated, Council have achieved a net benefit of approximately \$2,895. This was a result of increasing the utilisation of its current staff to earn additional revenue from providing services to other Councils, and from utilising Shared Services from within Local Government as opposed to external consultants (on average LG Shared Services rates can be procured at significant discount to external consultant fees).

It is estimated that Southern Midlands Council's direct involvement in Shared Services saved ALL participating Councils (including Southern Midlands Council) approximately \$4,120 for the month of March.

Local Government Shared Services Update February 2018

Summary of Recent Shared Services Activity

1090 hours of Shared Services were exchanged between Councils during February 2018, which was a significant increase of approximately 30% when compared to hours exchanged during January 2018 (841 hours) and these hours were higher than the three-month average of 918 hours per month.

Fig 1 - Shared Service Exchange Hours in Recent Months

Tasman								96		

*Council/Organisation not currently a member of the Local Government Shared Services Agreement

Fig 3 - Details of Current Exchange of Services by Service Category during February 2018

Savings to Local Government

A total of 1090 hours of shared services were exchanged between Councils last month. Analysis of Shared Services provision has indicated that both the Provider Council and the Client Council save money through the exchange of Shared Services at an approximate ratio of 50%.

Due to this, it is estimated that the provision of Shared Services between Councils saved ALL participating Councils and Local Government, of the amount of \$81,397 for the month of February. This was a result of increasing the utilisation of current Council Staff at Councils providing services and from Client Councils utilising Shared Services from within Local Government as opposed to external consultants (on average LG Shared Services rates can be procured at significant discount to external consultant fees).

Progress of the Shared Services

- Continued development of Workforce Plans for each member Council to highlight potential gaps in service provisions & staff resources into the future.
- The collation of a 'preferred contractors' list whom could undertake LGSS roles when staff are absent or additional resources are needed.
- Increase involvement with Northern Territory members and encourage more participation in meetings.
- Continuing to pursue financial gains through combined purchasing of common services approach.

Local Government Shared Services Update March 2018

Summary of Recent Shared Services Activity

1031 hours of Shared Services were exchanged between Councils during March 2018, which was a slight decrease of approximately 5.5% when compared to hours exchanged during February 2018 (1090 hours) and these hours were higher than the three-month average of 987 hours per month.

Fig 1 - Shared Service Exchange Hours in Recent Months

*Council/Organisation not currently a member of the Local Government Shared Services Agreement

Fig 3 - Details of Current Exchange of Services by Service Category during March 2018

Savings to Local Government

A total of 1031 hours of Shared Services were exchanged between Councils last month. Analysis of Shared Services provision has indicated that both the Provider Council and the Client Council save money through the exchange of Shared Services at an approximate ratio of 50%.

Due to this, it is estimated that the provision of Shared Services between Councils saved ALL participating Councils and Local Government, of the amount of \$77,635 for the month of March. This was a result of increasing the utilisation of current Council Staff at Councils providing services and from Client Councils utilising Shared Services from within Local Government as opposed to external consultants (on average LG Shared Services rates can be procured at significant discount to external consultant fees).

Progress of the Shared Services

- The collation of a 'preferred contractors' list whom could undertake LGSS roles when staff are absent or additional resources are needed.
- Increase involvement with Northern Territory members and encourage more participation in meetings.
- Continuing to pursue financial gains through combined purchasing of common services approach.

17.2.2 SOUTH CENTRAL SUB-REGION COLLABORATION STRATEGY – STANDING ITEM

Author: GENERAL MANAGER (TIM KIRKWOOD)

Date: 17 MAY 2018

ISSUE

Standing Item to enable:

- a) Council to identify or consider new initiatives that can be referred to the Sub-Region Group for research and / or progression; and
- b) The provision of updates and reports on the Group's activities.

BACKGROUND

The Brighton, Central Highlands, Derwent Valley and Southern Midlands Councils have agreed to work together to identify and pursue opportunities of common interest and to more effectively and efficiently serve ratepayers, residents and the communities in these municipal areas.

DETAIL

The Sub-Region Group has now met on six occasions. The last meeting was held on 4th December 2017.

Human Resources & Financial Implications – No budget has been allocated for these sub-regional activities. Any specific projects which require additional funding will be referred to Council for consideration prior to commencement.

Community Consultation & Public Relations Implications – Nil

Policy Implications – N/A

Priority - Implementation Time Frame – Ongoing.

RECOMMENDATION

17.2.3 REVIEW OF COUNCIL'S STRATEGIC PLAN 2014-2023 AND THE CREATION OF THE STRATEGIC PLAN 2018-2027

Author: DEPUTY GENERAL MANAGER (ANDREW BENSON)

Date: 18 MAY 2018

Attachment:

Draft Version 1 SMC Strategic Plan 2018-2027 (Review)

BACKGROUND

At the March 2018 Council meeting resolved to review the SMC Strategic Plan 2014 – 2023.

The following actions have taken place during the ensuing period;

1. The three Community Consultation sessions undertaken at, Oatlands, Campania and Bagdad were advertised in the Mercury, placed on the Council website and circulated on the Council Facebook page.
2. The Deputy General Manager (DGM) facilitated an SMC Managers review of the current document and offer amendments that adjust the status of items already in the Plan.
3. DGM ran a workshop for SMC Elected Members on the same basis as the Manager's workshop, with the Manager's responses in the document for Councillor's consideration.
4. Three Community 'workshops' at Oatlands, Bagdad and Campania.
5. DGM to collate all of that external information (from the three sessions) and bring back to Council for consideration, agreeing on a draft of the Strategic Plan 2018 – 2027 for approval.

The following steps will complete the project

6. Sign off on the new draft Strategic Plan and release for Public comment.
Council meeting Wednesday 23rd May 2018
7. Council considers further public comment for inclusion within the Plan and adopts the SMC Strategic Plan 2018 – 2027.
Council meeting Wednesday 27th June 2018

For Discussion.

RECOMMENDATION

THAT Council

1. received and note the report;
2. adopt the draft **Strategic Plan 2018 – 2027**;
3. make the draft **Strategic Plan** available for public comment.
